

FLORIDA **ECON** CHALLENGE

2014 Florida EconChallenge Online Competition

This year, Florida High School Teachers and Students will have the opportunity to participate in an online statewide economics competition for the chance to win a **FREE trip to New York City!**

This online competition is the first round of three to determine the overall champions of the 2014 National Economics Challenge. The first place winners of the Florida competition, in two divisions, advance to the National Semi-Finals to compete with winning teams across the United States! The top four teams in each division of the National Semi-Finals win an all-expenses paid trip to New York City to compete in the Finals of the **National Economics Challenge on May 17-19, 2014.**
